1. INTRODUCTION

PURPOSE

This Annual Plan and Estimates (AP&E) is the Government's main Budget document and provides a summary of the Government's planned policy actions and forecast financial performance for the 2014/15 financial year. These actions reflect the outcome goals, fiscal strategy and priorities established by Cabinet.

This document also specifies the expenditure appropriations being requested to fund those policy actions. The appropriation request forms the basis of the Appropriation (July 2014 to June 2015) Bill, 2014.

The Annual Plan and Estimates summarises the planned actions and financial performance at an overall Government level. The performance expected to individual Government agencies and Non-Governmental Organisations supplying outputs is provided in three other sets of document that accompany the Annual Plan and Estimates.

- Annual Budget Statements for each Ministry and Portfolio, which documents in detail the output delivery and ownership performance expected of each agency during the 2014/15 financial year.
- Purchase Agreements, which specify in detail the outputs the Government plans to purchase from Statutory Authorities, Government owned Companies and Non-Governmental output suppliers during the 2014/15 financial year.
- Ownership Agreements, which specify the ownership performance the Government expects of each Statutory Authority and Government Owned Company during 2014/15.

CONTENT OF THE ANNUAL PLAN AND ESTIMATES

Section A contains the Government's Annual Plan for the financial year. This plan has been developed to give effect to the Government's strategic outcome goals. Section A includes:

- A description of the policy outcomes that the Government is seeking to influence during the year:
- A summary of the policy actions the Government intends to take to influence these policy outcomes including legislation that will be prepared and introduced, outputs that will be purchased (by group) and Transfer Payments that will be made (by category); and
- Ownership actions that will be taken (by way of equity investments, the purchase/development of assets, and loans to be made).
- An overview of the forecast financial performance for the Government as a whole for the financial year. These forecasts have been prepared on an accrual-accounting basis.

Section B contains the Estimates of Appropriations for the 2014/15 financial year. These appropriations are to Cabinet and are the responsibility of the assigned Minister or Official Member. Three sets of appropriations are the responsibility of Committees of the Legislative Assembly. These allow them to purchase outputs from the Audit Office, the Office of the Complaints Commissioner and Office of the Information Commissioner.

Section C contains the detailed forecast accrual based-Financial Statements for the 2014/15 financial year for the Core Government and the Entire Public Sector.

BASIS OF FINANCIAL INFORMATION

In accordance with the requirements of the Public Management and Finance Law (2013 Revision), all the financial information presented in the Annual Plan and Estimates (and the other budget documents) have been calculated on an accrual accounting basis.

Under Accrual Accounting

- A strict operating/capital distinction is maintained with separate statements prepared for operation activity (the Statement of Financial Performance), assets and liabilities (the Statement of Financial Position) and cash flows (Statement of Cash Flows);
- Operating revenue is recognised in the Operating Statement when it is due, not when the cash is collected (which is reported in the Statement of Cash Flows). Revenue due but not collected is recorded as an accounts receivable in the Balance Sheet;
- Operating expenses are recognised in the Statement of Financial Performance when the expense is incurred (usually the point the expenditures is committed) not when the cash flows out (which is reported in the Statement of Cash Flows). Expenses payable but not yet paid are recorded in the Statement of Financial Position as a liability; and
- Non-Cash expenses are also recognised in the Statement of Financial Performance. The major non-cash expense is depreciation. This reflects the use (or wearing out) of assets. Any write-off reduction in the value of assets is also recorded as an accrual expense, as in the increase in any liabilities (such as the unfunded public service pension liability).

SECTION A- ANNUAL PLAN FOR THE 2014/15 FINANCIAL YEAR

PREPARED IN ACCORDANCE WITH SECTION 24 OF THE PUBLIC MANAGEMENT AND
FINANCE LAW (2013 REVISION)

2. OVERVIEW OF OUTCOMES FOR 2014/15

BROAD OUTCOME GOALS

The Cabinet has established 12 Broad Outcome Goals to guide its policy actions as follows:

1. A strong, thriving and increasingly diverse economy;
2. A work-ready and globally competitive workforce;
3. A more secure community;
4. A more efficient, accessible and affordable public service;
5. Modern, smart infrastructure;
6. A fit and healthy population;
7. A centre of excellence in education;
8. A culture of good governance;
9. Sustainable development in Cayman Brac and Little Cayman with sensitivity to the islands' unique characteristics;
10. Conservation of our biological diversity and ecologically sustainable development;
11. A robust agriculture sector suited to the needs and resources of the country; and
12. Equity and justice in a society that values the contribution of all.

SPECIFIC OUTCOMES AND KEY POLICY STRATEGIES

The specific outcomes the Government intends to target in order to achieve the 12 Broad Outcomes are summarised below.

BROAD OUTCOME 1 – A STRONG, THRIVING AND INCREASINGLY DIVERSE ECONOMY

Broad Outcome 1
A STRONG, THRIVING AND INCREASINGLY DIVERSE ECONOMY
<ul style="list-style-type: none">• Work in partnership with the cruise lines to grow the number of annual cruise visitors to 2.1 million by 2015;• Work with industry partners to continue to grow the number of stay over visitors and to enhance the visitor experience at our airports;• Pedestrianize relevant parts of George Town, especially around the ‘Waterfront’, to improve the shopping, dining, and business environment/experience for visitors and locals alike. Particularly as cruise tourism numbers grow. This will require road works to divert traffic away from pedestrian only areas, as well as to allow for future growth;• Establish a committee to consider and oversee the George Town Revitalization initiative, including making the downtown waterfront areas family friendly and attractive and preserving/improving as best as possible the historic sites and ‘ambience’ of George Town. Seek private sector involvement to make this a reality;• Consider amending the planning law to allow the development of residential apartments as part of commercial buildings so as to encourage ‘mixed use development’ downtown that includes condos/apartments within retail/commercial space;• Encourage evening activity & entertainment in an improved downtown atmosphere (live music, outdoor cafes, mood lighting etc.) to bring tourists and locals into George Town after business hours;• Increase the number of taxi & bus licenses in line with increasing tourist numbers;• Utilize part of the ‘Tower Building’ site as a park/craft market. Additionally consider expanding the existing craft market (with approval of property owner) and also utilizing the old ‘farmers market’ site as an artisan’s market and farmers market;• Work with the Chamber of Commerce on initiatives to encourage & nurture small business growth & development. Including training programs for businesses/entrepreneurs and thoughts on reducing the tax burden on small businesses etc;• Roll back as best as possible any Government fees / duties that negatively impact small business and increase the cost of living to the general public;• Encourage more entrepreneurship amongst Caymanians;• Review whether certain business segments can be relegated as ‘for Caymanian participation only’;• Review of Trade & Business license regime to improve the process and make it more efficient for businesses & Government;• Review & modernize the Liquor Licensing Laws with a view to improving efficiency and competitiveness;• Encourage & Enhance Financial services;• Develop short, medium, and long term strategic growth plans around financial services;• Actively seek to attract more re-insurance companies and businesses to Cayman;• Encourage new types of business enterprises that will benefit the Cayman Islands by bringing in new revenue streams and help to diversify the revenue base for Government, and where possible relieve some of the tax burden on other parts of the economy and help reduce the cost of living for residents; and• Continue to work with potential developers, on projects that benefit the Cayman Islands economically and that do not adversely impact the natural environment.

A WORK-READY AND GLOBALLY COMPETITIVE WORKFORCE

- Develop welfare to work programmes that ensures that individuals who can work are provided, as a condition of receiving assistance, with job opportunities, & suitable support, that may lead to potential full time positions;
- Enhance the resources of the National Workforce Development Agency (NWDA) and focus their remit to better assist Caymanians who are unemployed; including the full implementation of a new NWDA Job Portal;
- Work with available resources to support & enhance existing vocational training opportunities in the public and private sector;
- Partnership between the Education Council, or other scholarship granting body, and private sector businesses to help ensure that Caymanian students returning home have the opportunity to (i) be placed with a company or business when home on vacation so as to develop work experience; or (ii) after graduation to have an opportunity to work for a company in an apprenticeship role, with the expectation that the job would transition into full time employment once the development period was successfully completed; or (iii) ensure that businesses are made aware of Caymanians returning home with qualifications that may be needed by that business;
- Ensure that the education curriculum is appropriate and up to date and that students receive appropriate career guidance.
- Utilize an appropriate accreditation system that incentivizes/rewards businesses that actively train and employ Caymanians;
- Initiate local discussion on, and establish a committee to review and recommend on, the enactment of a National Minimum Wage as a separate law or as part of a revised Labour Law;
- Establish a Committee to review the establishment of a retirement age of 65 and its implications on both the private and public sectors;
- Development of a 'culture of compliance' of adherence to labour/business related laws through integrated work with key Government and non-governmental organisations;
- Enhanced enforcement of the provisions of the Labour and Pensions Laws;
- Introduce National Apprenticeship and internship programmes;
- Establish registration standards and a quality assurance framework for training institutions; and
- Ensure the provision of training and awareness in occupational safety and health, with a special emphasis on the construction industry

Broad Outcome 3

A MORE SECURE COMMUNITY

- Continue to support the Royal Cayman Islands Police Service and encourage a more proactive method of policing with regard to serious crime rather than a reactive one;
- Continue to seek ways within our available resources to improve the infrastructure at Northward Prison as well as at our juvenile detention centers;
- Enhance the efficiency and effectiveness of the Cayman Islands Fire Service;
- Support the Customs & Immigration services and enhance their capabilities to enforce our laws and protect our borders;
- Enhance the continuum of care for children and families by ensuring that appropriate services and programmes are available for children on Care Orders and Youth Rehabilitation Orders;
- Provision of appropriate rehabilitation services for youth that will offer treatment programmes to address risky behaviours such as drug and alcohol misuse, criminal behaviour, etc;
- Support the work of Hazard Management and the Public Safety Communications units to strengthen the community's ability to respond and deal with emergency situations and disasters;
- Enhance the rehabilitation of offenders to help them to become contributing members of society;
- Provision of treatment services to meet the needs of participants in Drug Rehabilitation Court;
- Provision of public education in regards to social issues such as child neglect, child abuse, elderly abuse in an effort to promote healthy family life and prevent abuse within families;
- Encourage Community Development led activities to strengthen and empower communities to address issues of concern with the community;
- Implement a comprehensive training and development programme for law enforcement and public safety officers;
- Review polices to improve community cooperation and participation in crime prevention; and
- The enhancement of Inter-agency collaboration, co-operation and communication to ensure the needs of at-risk youth in the community are met through a holistic approach;

Broad Outcome 4

A MORE EFFICIENT, ACCESSIBLE AND AFFORDABLE PUBLIC SERVICE

- Establish the mechanisms to improve the development and coordination of Government Policy, encourage innovation and creativity in policymaking, and identify and oversee policy which encompasses a number of ministries and portfolios;
- Create greater administrative efficiency to ensure that all services among Government agencies are provided in a timely, quality- oriented, customer focused, efficient and effective manner;
- Support the improvement of human capital across the Government to create a dynamic and responsive workforce;
- Improve customer satisfaction through timely communication of decisions made;
- Move forward with e-Government initiatives and implement appropriate electronic and web-based portals for Government services;
- Development of training programs and succession plans for the advancement of Caymanians within the Civil Service; and
- Create a performance based organization that appreciates and rewards exceptional work.

Broad Outcome 5

MODERN, SMART INFRASTRATURE

- Continue the development of the Cruise Berthing Port facility, with no upland development, utilizing a Public Private Partnership (PPP) arrangement;
- Redevelopment of the Owen Roberts International Airport;
- Upgrade the George Town Bus depot to provide covered seating and public restrooms;
- Develop a modern waste management facility that includes waste to energy and recycling, via PPP;
- Complete facilities needed by Customs to secure the 'container scanner'; as well as an upgraded Customs warehouse;
- Continue exploration of opportunities for partnerships with the private sector to enhance the Country's infrastructure; and
- Continue to make enhancements to the road network infrastructure across all three islands to support economic development

A FIT AND HEALTHY POPULATION

- Sensitizing family members and care-givers of mentally ill, elderly and /or disabled persons in regards to their needs and care in order to ensure quality care is provided by those persons;
- Recruit, train and support Foster Care families;
- Encourage fitness and healthy lifestyles in schools and in the community generally;
- Work with the Health Services Authority, private sector partners and Cayman Islands National Insurance Company to lower the cost of health care and improve the quality of medical services available in the Cayman Islands;
- Continued work to assist in developing motor skills and increase physical activity in children and adults to reduce the risks of cardiovascular diseases and produce a healthier society;
- Continue the enhancement and expansion of family therapy services to broaden the range of services available to those residents of our community who may be struggling with issues such as trauma, grief, depression, anxiety, and substance abuse;
- Further develop and enhance the food hygiene and safety programs to improve standards at establishments and institutions;
- Expand environmental health programs in the districts to improve the existing sanitary conditions including rodent control;
- Expand the environmental health educational and promotional programs to students and the public to enable them to do their part in controlling or eliminating environmental health nuisances, risks, and diseases through behavior modification and civic pride;
- Facilitate the promulgation of a new Environmental Health Law (EHL) and Regulations to effectively manage environmental health functions, inclusive of food safety, solid waste management, recycling, and waste to energy facilities;
- Maintain a public education campaign on health insurance in the Cayman Islands;
- Improve disease prevention capability by developing DNA analysis techniques to detect the presence of vector-borne diseases in mosquito populations, with particular emphasis on Dengue Fever, Malaria and West Nile virus; and
- Develop and implement a public education programme to enhance the effectiveness of the MRCU's overall mosquito control strategy by improving public awareness of the issues surrounding mosquito control and encouraging the involvement of the general public in particular control methods.

A CENTRE OF EXCELLENCE IN EDUCATION

- Full-scale implementation of the National Strategic Plan for Education;
- Implementation of revised Council guidelines for the registration and the operation of Early Childhood Care and Education Centres and private schools;
- Continued focus on strategies to improve teaching in maths and literacy through a coaching model to support and develop more effective classroom practices, particularly in literacy, numeracy and ICT integration ;
- Introduction of a new legislative framework for Education;
- Formal launch of the new “Safer Schools” strategy, an umbrella programme of initiatives (eg. Anti-bullying, parenting and pregnant teens programme) to promote welcoming, supportive, respectful learning environments that value individual safety and well-being and the right of all students to learn;
- Development of a code of practice for gifted and talented students;
- Expansion of vocational programmes at high schools and CIFEC;
- Focus on narrowing the achievement gap between boys and girls;
- Reorganization of the Public Libraries in order to provide enhanced customer service and to ensure that the needs of the community are being met;
- Continue to develop the Library as a central location for research and study;
- Development and implementation of new library programs and services for specific target groups and to support lifelong learning and to encourage a love of reading ;
- Revision and update of the Libraries Law;
- Implementation of a five-year Strategic Plan 2013-2018 by the University College of the Cayman Islands (UCCI);
- Continue to raise the profile of UCCI through membership with:
 - the International Association of College Business Education (IACBE);
 - Lampton College (CARICOM scholarships for UCCI Students);
 - Nursing Council of Jamaica for Indexing of Nursing Students;
 - New England Institute of Technology for programmes in Engineering and Nursing; Carlton University, Canada; and Coventry University, United Kingdom.
- Development of new programmes and courses at UCCI including:
 - A Bachelor of Science Degree in Nursing;
 - Associate of Arts in Legal Studies in collaboration with CILEx Law School; and
 - Executive Certificate in Global Leadership in collaboration with the University of Texas
- Continue to host top-class lecture series and workshops featuring international and local expertise on a variety of relevant subject areas;
- Increase community cohesion by creating an environment for positive interaction and character building;
- Promote the Bachelor of Science in youth Development Work at the Grand Cayman University of the West Indies Open Campus to youth leaders, directors, workers and volunteers;

A CENTRE OF EXCELLENCE IN EDUCATION

- To address a minimum of three National Youth Policy goals in weekly/monthly youth programmes;
- Provide opportunities for the youth to be part of decision making forums such as the C.I. Youth Assembly, National Youth Commission, Schools' Student Councils, committees reviewing/updating the Cayman Islands National Youth Policy etc. pertaining to youth issues.
- Establish a culture of high expectations for all of our students, at all levels;
- Develop a solution-focused, no excuses culture amongst all key stakeholders, to tackle underperformance, behaviour issues and other barriers to our students' success;
- Launch an initiative to define key expectations and strengthen the way in which school discipline and student behaviour is managed for the 2014/15 school year;
- Implement new graduation criteria, with academic requirements, and a new High Honours category to inspire and recognise excellence;
- Focus on developing values and citizenship in education;
- Introduce of a new legislative framework for Education;
- Focus on strategies to improve teaching in maths and literacy through a coaching model to support and develop more effective classroom practices, particularly in literacy, numeracy and ICT integration ;
- Introduce an enhanced governance structure for education, with a new level of partnership with the private sector, and more devolved responsibilities and greater accountability for all stakeholders;
- Implement the National Strategic Plan for Education;
- Focus on increasing parent, student and other stakeholders' engagement in education;
- Continue focusing on raising standards in Early Childhood Care and Education (ECCE), by implementing a Revised National Framework for Early Childhood Care and Education, and the New Education Council Guidelines for the operation and registration of ECCE Centres;
- Further develop and enhance the effectiveness of CIFEC, to provide a range of high quality options to prepare students for further education, training and entry into the workforce.
- Focus on narrowing the achievement gap between boys and girls;
- Continue to support the further development of the Public Library Service as a critical community resource for personal enrichment, enjoyment and educational needs, as an important component of the national workforce development and training agenda
- Revise and update of the Libraries Law;
- Work towards a strategic alignment of UCCI programmes, course and services, to deliver educational programmes that provide citizens with access to world class educational opportunities, which will position them to successfully participate in and contribute to the core and developing industries in the Cayman Islands economy.
- Support and strengthen the work of the Sunrise Adult Training Centre, to deliver quality vocational training programmes and support services for adults with disabilities.
-

Broad Outcome 8

A CULTURE OF GOOD GOVERNANCE

- Encourage good governance ethos amongst the private sector by requiring that entities contracting with the Government comply with all local laws, including payment of pensions, health insurance and due diligence requirements;
- Review legislation with a view to update and modernize where necessary;
- Enhance administration of Freedom of Information across Government Agencies ;
- Enhance public accountability through the release of relevant and timely audit reports to all stakeholders;
- Return the Cayman Islands to fiscal responsibility by meeting all of the Targets required under the PMFL;
- Develop legislation to improve the governance of statutory authorities and government owned companies; and
- Establish a Police Public Complaints Commission that will act as an independent civilian oversight body for the Police and ensure compliance with the Public Police Complaints Law (2013).

Broad Outcome 9

SUSTAINABLE DEVELOPMENT IN CAYMAN BRAC AND LITTLE CAYMAN WITH SENSITIVITY TO THE ISLANDS' UNIQUE CHARACTERISTICS

- Encourage new jobs in the private sector, and where practical in the public sector, for Cayman Brac - including back office jobs;
- Develop the Sports Complex on the Bluff to encourage Sports Tourism on Cayman Brac;
- Convert the Bluff hurricane shelter site to a new Cayman Brac High School campus to replace the present campus;
- Consider a modern development plan for Cayman Brac; and
- Improve airlift and airport infrastructure on Cayman Brac and Little Cayman

Broad Outcome 10

CONSERVATION OF OUR BIOLOGICAL DIVERSITY AND ECOLOGICALLY SUSTAINABLE DEVELOPMENT

- Enact and implement the National Conservation Law;
- Finalise and agree proposals for an enhanced system of marine parks for the Cayman Islands and continue Darwin Initiative-funded post-project activities;
- Complete implementation of the Endangered Species Trade and Transport Law (2004);
- Implement climate change adaptation and mitigation strategies;
- Continued implementation of the National Biodiversity Action Plan to significantly improve mosquito control methods through the adoption of a pre-emptive approach to mosquito control through an ambitious expansion of aerial larviciding.
- Research and develop control methods targeting Grassland Mosquitoes; and
- Provision of additional support to the National Trust of the Cayman Islands.

Broad Outcome 11

A ROBUST AGRICULTURE SECTOR SUITED TO THE NEEDS AND RESOURCES OF THE COUNTRY

- Provide a cohesive, coordinated body of policies relating to National Food and Nutrition Security and the development of the agricultural sector;
- Enhance national food security through a multipronged approach – expansion of Protected Agriculture Systems for crop production, promotion of backyard and community gardens and improvement of the livestock sector;
- Facilitate the expansion of the market for agricultural products;
- Provision of technical support for Agricultural Shows in the Islands;
- Strengthen linkages with regional and international development partners and forge a more formal cooperative arrangement with the Caribbean Agricultural Research and Development Institute (CARDI);
- Enhance the protection of plant, animal and by extension human health in these islands through active cooperation with regional pest safeguarding initiatives, regulatory enforcement, proactive pest and disease surveillance and monitoring programmes;

EQUITY AND JUSTICE IN A SOCIETY THAT VALUES THE CONTRIBUTION OF ALL

- Continue to work towards requirements for the United Kingdom to extend the Convention on the Elimination of All Forms of Discrimination Against Women (CEDAW) to the Cayman Islands;
- Provision of a 10 year review and update of the CIG's National Policy on Gender Equity and Equality with a view to establish key implementation priorities moving forward;
- Review the National Committee on Gender and Family Violence (NCGFV) with an aim to revamp the committee's structure and terms of reference;
- Provision of funding for Legal Aid; and
- Provision of infrastructure for compliance with the Constitutional Bill of Rights
- Undertake collaborative research on gender issues in education, in particular the underperformance of boys and young men
- Amend the Gender Equality Law, 2011, and implement relevant recommendations from the Law Reform Commission reports on Sexual Harassment and Stalking

3. OVERVIEW OF KEY POLICY ACTIONS FOR 2014/15

INTRODUCTION

Section 4 to 9 of the Annual Plan and Estimates outline the specific policy actions that the Government intends to pursue during the 2014/15 to support the achievement of the twelve broad outcomes outlined in Section 2.

These policy actions fall into four (4) broad categories:

Legislative Measures;

Purchase of Outputs;

Making of Transfer Payments; and

Ownership Actions (which includes):

- a. Equity Investments;
- b. Executive Assets;
- c. Granting of loans and
- d. Issuing of Guarantees.

4. REVISED FORECAST FINANCIAL RESULTS FOR 2013/14

Overview of Results

A summary of the 2013/14 revised forecast financial statements of the Core Government is provided in Table 1 below.

Table 1

Summarised 2013/14 Revised Forecast Financial Statements

Financial Measure	Core Government		Entire Public Sector	
	2013/14 Forecast \$000s	2013/14 Budget \$000s	2013/14 Forecast \$000s	2013/14 Budget \$000s
Operating Statement:				
Operating Revenue	652,104	644,664	852,111	845,058
Operating Expenses	(517,014)	(517,966)	(707,711)	(707,794)
Financing Expenses	(30,673)	(31,461)	(36,256)	(37,044)
Core Government Surplus/ (Deficit)	104,417	95,237	108,144	100,220
Net Surplus/ (Deficit) in Investments in Public Authorities	3,727	4,983	0	0
Entire Public Sector Net Surplus/ (Deficit)	108,144	100,220	108,144	100,220
Balance Sheet :				
Borrowings (balance at year end)	548,866	548,866	678,318	678,318
Net Worth at 30th June 2014	1,453,615	1,365,629	1,453,615	1,365,629
Cash Flow :

Closing Cash Balance (@ 30th June 2014)	173,602	161,980	254,040	250,059

Forecast Surplus from Operating Activities

Based on year to date performance and known circumstances and policies existing as at 30th April 2014, the forecast operating surplus for 2013/14 is \$108.1 million. This figure represents a \$7.9 million positive change to the operating position when compared to the approved 2013/14 Budget. The change in operating position is due to higher than expected operating revenues and lower operating expenditure.

Forecast Operating Revenues

The revised revenue forecast of \$652.1 million is some \$7.4 million more than the \$644.7 million originally budgeted for 2013/14. Positive economic growth coupled with the maturation of revenue measures approved during the 2012/13 financial year are the primary drivers of this increase. The most significant areas of better than expected performance are in Other Import Duty which is forecast to be some \$5.1 million above original budget projections and Mutual Fund Administrator Licences which are forecast to be \$4.2 million above original budget projections.

Forecast Operating Expenses

The revised forecast operating expenses of Core Government are expected to be \$547.7 million which is \$1.7 million lower than the \$549.4 million originally budgeted in 2013/14. This is a result of a series of cost reduction measures implemented across government agencies during the current financial year. In particular, the \$3.4 million savings in Personnel Cost, which resulted from restrained recruitment efforts and natural attrition, along with a \$0.8 million decrease in Financing Expenses, due to lower interest expenses resulting from renegotiated interest rates on a portion of the debt portfolio along with savings from minimizing the use of the overdraft facility.

The savings in Personnel Costs and Financing Expenses were partially offset by a forecast increase in the cost of Overseas Medical Care for qualified persons who have either exceeded their personal health insurance coverage or who have no health insurance, which is forecast to be \$15.3 million or some \$1.3 million more than the approved budget of \$14.0 million.

The Net Operating Surplus of Statutory Authorities and Government Owned Companies (SAGC's) is forecast to be approximately \$3.7 million or \$1.3 million less than the \$5.0 million included in the 2013/14 Budget. This is a result of a \$1.2 million deterioration in the Cayman Islands Monetary Authority net operating position which was caused by the delayed implementation of revenue enhancing legislation. This negative variance was partially offset by a \$3.0 million improved operating performance at the Cayman Islands Airports Authority following the assignment of the 2013 Departure Tax increase as revenue of the Authority.

Forecast Cash Position

The 2013/14 closing cash balance is forecast to be \$173.6 million which is \$11.6 million more than the \$162.0 million forecasted in the approved budget. This improved forecast balance is directly related to the better than expected operating performance along with \$2.5 million better than expected dividend to the Government from the Civil Aviation Authority.

Compliance with Principles of Responsible Financial Management

At 30 June 2014, in line with the original approved budget the Government is forecasting to be in compliance with four (4) of the six (6) Principles of Responsible Financial Management. The table on next page details the level of compliance with all principles as specified in Section 14 of the Public Management and Finance Law (2013 Revision).

Table 2

Compliance with Principles of Responsible Financial Management

5. FINANCIAL FORECAST FOR 2014/15

INTRODUCTION

The Government's financial forecasts for 2014/15 are provided in Section C of this document. Those forecasts are summarised and explained in this section of the Annual Plan and Estimates.

In accordance with the requirements of the Public Management and Finance Law (2013 Revision), the financial forecasts for 2014/15 take the form of a full set of accrual based forecast financial statements. The key forecast financial statements are:

- A Forecast Statement of Financial Performance, which reports the budgeted revenues and expenses measured on an accruals basis and the resulting Net Surplus (which is the key measure of Government operating performance);
- A Forecast Statement of Financial Position, which reports the assets and liabilities Government is budgeting to own (or in the case of liabilities, owe) at the end of 2014/15 and the resulting Net Worth (which is the key measure of the Government's financial position);
- A Forecast Statement of Cash Flows, which reports the operating, investing (asset-related) and financing cash flows the Government is budgeting for 2014/15 and the resulting Net Increase/Decrease in Cash and Cash Equivalents (which is a measurement of the Government's cash position); and
- A Forecast Statement of Changes in Net Worth, which reports the increase or decrease in Net worth, the Government is budgeting for 2014/15 and its composition (which is the key measure of the amount citizens have invested in the Government).

In accordance with the requirements of the Public Management and Finance Law (2013 Revision), the forecast financial statements provide two sets of figures; one for the Core Government Sector, and another for the Entire Public Sector. Both of these sets of figures include the financial activity (Financial Performance statement, Statement of Financial Position and cash flow activity) of Public Authorities (Statutory Authorities and Government Companies).

The Core Government comprises the Legislative Assembly, Ministries, Portfolios, Offices and the Judicial Administration. It also includes the operating surpluses/deficits of Public Authorities as a single line in the operating statement entitled '(Profit)/ Loss on Statutory Authorities & Government Companies.' Similarly, the net worth of Public Authorities is recognised in a single line in the Statement of Financial Position entitled 'Net Worth - Public Authorities.'

The Entire Public Sector includes the same information as for the Core Government plus the revenues, expenses, assets and liabilities of Public Authorities on a line-by-line basis by aggregating them with the revenues, expenses, assets and liabilities of the Core Government. The key measures of Government financial performance (operating net surplus and net worth) are the same under either method and are therefore the same for both the Core Government and the Entire Public Sector.

A summary of the forecast financial statements for the 2014/15 financial year are provided in Table 3 below.

Table 3

Summary of 2014/15 Forecast Financial Statements

Financial Measure	Core Government		Entire Public Sector	
	2014/15 Budget \$000s	2013/14 Forecast \$000s	2014/15 Budget \$000s	2013/14 Forecast \$000s
Operating Statement:

Net Increase/(Decrease) in Cash	82,523	53,792	103,216	48,598
Opening Cash Balance (@ 1st July)	173,602	119,810	254,040	205,442
Closing Cash Balance (@ 30th June)	256,125	173,602	357,256	254,040

Financial Performance Forecast for 2014/15

Operating Revenues are forecast to be \$657.7 million; Operating Expenditures are forecast to be \$508.3 million; and Financing Expenses are forecast at \$28.5 million. This results in a Core Government Net Operating Surplus of \$120.9 million. After factoring in the forecast net Operating Surplus of the Statutory Authorities and Government Owned Companies of \$7.1 million, the Core Government is forecast to record a net surplus of \$128.0 million. This surplus amount is \$19.9 million greater than the forecast surplus for the 2013/14 financial year.

For the 2014/15 financial year, the government is forecasting approximately \$657.8 million in revenues. This consists of \$624.9 million in coercive revenue and approximately \$32.8 million in entity revenue. In 2014/15 revenues are forecast to be approximately 0.9% higher than in 2013/14. This forecast is very conservative and does not include any provision for the introduction of major new revenue measures. The revenue projections also reflect the hypothecation of \$10.0 million in revenue to the National Roads Authority to reflect the change in how that Authority is funded along with a discount of \$8.2 million for the Government's proposed economic incentives for the 2014/15 financial year.

The forecast operating expenses of \$508.3 million (excluding Financing Expenses) represent a \$8.7 million decrease from the 2013/14 forecast operating expenditures.

Personnel costs are forecast to increase from \$234.3 million in 2013/14 to \$241.8 million for 2014/15. This increase results primarily from the full year impact of staff hired late in the 2013/14 fiscal year and policy decisions to hire essential "front-line" personnel during 2014/15 for Police, Prisons, Fire, Immigration and Customs – all of which was partially offset by a continued managed vacancy budgeting strategy.

Supplies and Consumables expense is forecast to decrease from \$91.0 million in 2013/14 to \$87.8 million in 2014/15. This is primarily due to reductions in professional fees, supplies and materials, computer software maintenance and in annual lease costs due to continued consolidation of the lease estate as a result of agencies moving into the Government Administration Building.

Outputs from Non-Government Output Suppliers are forecast to decrease from \$26.7 million in 2013/14 to \$22.7 million in 2014/15. Significant items in the category of expenditure are: overseas medical care for qualified persons who have exceeded their personal health insurance benefits or who have no health insurance, this is budgeted to decrease by \$3.8 million from the \$15.3 million forecast for 2013/14; and Legal Aid Services which is budgeted at \$2.5 million for 2014/15.

Outputs from Public Authorities are forecast to decrease from \$100.7 million in 2013/14 to \$94.1 million in 2014/15. This is primarily due to: a \$3 million reduction in funding by Government to the Cayman Islands Monetary Authority - arising from an expected increase in third party revenues to the Authority in 2014/15 (resulting from recently passed legislation that imposes an annual fee payable with respect to Hedge Funds Directors); and a \$4 million reduction in Outputs from the National Roads Authority to account for a change in how that Authority is funded. In 2014/15 the Authority will receive a portion of import duty on gasoline imports.

Transfer Payments are forecast to decrease from \$32.9 million in 2013/14 to \$ 31.3 million in 2014/15. This change is principally due to: a decrease in Young Nation Builders scholarships of \$0.8 million, a decrease in Ex-gratia Benefit payments to Seamen of \$0.3 million, the removal of a one-time transfer

payment in 2013/14 for law enforcement equipment services of \$0.3 million, and a decrease in Sister Islands Home Repair Assistance of \$0.3 million.

Net Surplus in Public Authorities is forecast to increase from \$3.7 million in 2013/14 to \$7.1 million in 2014/15. This is mainly due to budgeted surpluses from some Authorities offset by operating losses by others. The main surplus-making Authorities are: the Cayman Islands Airports Authority (\$7.9 million); Civil Aviation Authority (\$2.4 million); Water Authority (\$2.3 million); Cayman Islands Monetary Authority (\$1.7 million); and Port Authority (\$1.5 million). The main loss making Authorities are: Cayman Turtle Farm (1983) Limited (\$7.8 million); and the Cayman Islands National Insurance Company (\$1.3 million).

Other Operating Expenses are forecast to increase from \$3.7 million in 2013/14 to \$4.5 million in 2014/15. This \$0.8 million increase is the result of making accounting provisions for possible claims against the Government for third party loans and debts guaranteed by the Government. The increase was partially offset by a reduction in Compensation payments of \$0.1 million.

The net cash flows from operations are forecast to be \$152.2 million. This means that operating receipts are forecast to be \$152.2 million greater than operating payments for the year. Net cash outflows from investing activities are forecast to be \$44.3 million. This outflow is being financed by the Operating Surplus as there are no new borrowings in the 2014/15 year.

The balance of public debt at 30 June 2015 is forecast to be \$523.5 million this down from \$548.8 million at 30 June 2014 and is the result of no new borrowings in 2014/15 and the repayment of \$25.3 million in principal during 2014/15.

The total cash and cash equivalents position at the end of 2014/15 are forecast to be \$256.1 million: comprised of \$129.9 million in Operating Bank Account balances and \$126.2 million in restricted funds.

The 2014/15 Budget is consistent with the targets and specific policies set out in the 2014/15 Strategic Policy Statement, which in turn is consistent with the Government's Medium Term Fiscal Strategy 2013-17 that was agreed to by the Foreign and Commonwealth Office on 22 August 2013.

6. COMPLIANCE WITH 2014/15 STRATEGIC POLICY STATEMENT AND PRINCIPLES OF RESPONSIBLE FINANCIAL MANAGEMENT

INTRODUCTION

As required by the Public Management and Finance Law (2013 Revision), this section compares the Government's performance outlined in this Annual Plan and Estimates (including the financial forecasts provided in Section C and summarised in section 4) with the parameters established in the Strategic Policy Statement (SPS) for 2014/15, and the Principles of Responsible Financial Management contained in section 14 of the Public Management and Finance Law (2013 Revision).

As outlined in section 23 (2) of the Public Management and Finance Law (2013 Revision), the Strategic Policy Statement provides a summary of the broad outcomes, specific outcomes, and the links between them, that the Governor in Cabinet intends to achieve in the next financial year and for at least the following two financial years.

COMPLIANCE WITH 2014/15 STRATEGIC POLICY STATEMENT

Outcomes

The 2014/15 Strategic Policy Statement published on 21 November 2013 defined the Government's twelve broad outcomes and the related specific outcomes. The strategies, proposed legislation, and key policy actions included in the 2014/15 budget are all consistent with these outcomes.

The broad and specific outcomes outlined in section 2 of the Annual Plan and Estimates are consistent with those in the Strategic Policy Statement. The policy actions are consistent with those specific outcomes. The relationship between the specific outcomes and the policy actions are documented in section 2 of the Annual Plan and Estimates.

Fiscal and Policy Strategies

The Government's fiscal and policy strategies were outlined in the 2014/15 Strategic Policy Statement, and has four elements: prudent fiscal management; facilitating private sector economic growth; an educated, work-ready populace; and developing and modernizing our infrastructure. The 2014/15 Budget was prepared taking into account these approved fiscal strategies.

Aggregate Financial Targets

Table 4 provides a comparison of the financial forecasts for 2014/15 with the aggregate financial targets for the Core Government for 2014/15 as set out in the Strategic Policy Statement.

Table 4

Comparison of SPS Aggregate Targets and the 2014/15 Budget Forecast

Financial Measure	Core Government		
	2014/15 Budget \$'000's	2014/15 SPS Target \$'000's	Variance (over)/ under \$'000's
Operating Targets			
Total Revenue	657,773	655,263	2,510
Total Expenses	529,743	531,800	2,057
Personnel Costs	241,763	240,605	(1,158)
Supplies and Consumables	87,761	87,712	(49)
Depreciation	26,844	27,972	1,128
Amortisation of Intangible Assets	908	0	(908)
Financing Expenses	28,525	29,708	1,183
Litigation Costs	384	0	(384)
Outputs from SAGC's	94,069	95,389	1,320
Outputs from Non-Governmental Suppliers	22,695	23,102	407
Transfer Payments	31,284	31,627	343
Other (Gains)/ losses	(1,883)	(1,976)	(93)
Other Operating Expenses	4,488	3,144	(1,344)
(Profit)/ Loss on SAGC's	(7,095)	(5,483)	1,612
Net Surplus (Deficit)	128,030	123,463	4,567
Balance Sheet Targets			
Borrowings (balance at year end)	523,482	523,495	13
Net Worth	1,594,165	1,465,396	128,769
Cash Flow Targets			
Net Cash Flows from Operating Activities	152,191	144,731	7,460
Net Cash Flows from Investing Activities	(44,290)	(42,297)	(1,993)
Net Cash Flows from Financing Activities	(25,378)	(25,371)	(7)
Net Movement in Cash	82,523	77,063	5,460
Closing Cash Balance	256,125	240,070	16,055
Ratios			
Debt Service Ratio (%)	11.3%	16.1%	(4.8%)
Net Debt Ratio (%)	61.2%	51.4%	(9.8%)
Cash Reserves (days)	43.3	41.0	2.3

Overall, the 2014/15 Budget compares favorably with the financial targets established in the 2014/15 Strategic Policy Statement (SPS) with higher Operating Revenues, lower Operating Expenses, a better net surplus and higher cash balances.

Net Operating Surplus

The key operating measure is the “Net Surplus”. The 2014/15 budget forecasts are \$4.5 million higher than the target established for this measure in the SPS. Operating Revenue is \$2.5 million more than the SPS, mainly as a result of improved performance in various revenue streams which have been stimulated by the overall recovery in the economy. The total Operating Expenditures (excluding profit on SAGC’s) are in line with the SPS. There are a few negative variances where certain items are higher than SPS forecast but these have been offset by areas which are below the SPS forecast.

Operating Expenditure

The increase in Personnel Costs of \$1.2 million over the SPS forecast is a result of the need to fill vacancies in front line positions across the public safety and security areas of Police, Prisons, Fire, Immigration and Customs. In addition, the net effect of the full year impact of partial year hires in 2013/14 has increased Personnel Costs.

Outputs from SAGC’s compare favourably with the SPS forecast, in part because the Cayman Islands Monetary Authority (CIMA) output was reduced by \$3 million. In exchange CIMA will collect revenue from the new Directorship Hedge Fund Fee.

The positive variance in Financing Expenses of \$1.2 million is the result of successful efforts to renegotiate lower fixed term interest rates for some existing loans along with a lower debt balance.

Other Operating Expenses increased by \$1.3 million compared to the SPS forecast due to accounting provisions for possible claims against the Government for third party loans and debts guaranteed by the Government.

The 2014/15 Budget forecasts a combined Net Surplus of \$7.1 million for SAGC’s; this is some \$1.6 million higher than the SPS target. The variance is a result of updated forecasts from the SAGC’s and reflects post-SPS decisions regarding their planned 2014/15 operations. Among the SAGC’s, for 2014/15 the Cayman Islands Airports Authority is forecast to record the highest net surplus of \$7.9 million and the Cayman Turtle Farm (1983) Limited is forecast to record the largest deficit of \$7.8 million.

In relation to balance sheet activities, the 2014/15 year-end balance of borrowings of \$523.6 million is exactly in line with the SPS target. This reflects the Government’s commitment to no new borrowings. Capital Expenditures and Equity Investments are forecast to be \$47.0 million which is consistent with the SPS forecast.

The 2014/15 forecast closing cash balance of \$256.1 million is some \$16.1 million better than the SPS target.

COMPLIANCE WITH PRINCIPLES OF RESPONSIBLE FINANCIAL MANAGEMENT

Table 4 below summarises the extent to which the financial forecasts contained in this Annual Plan and Estimates comply with the Principles of Responsible Financial Management specified in the Public Management and Finance Law (2013 Revision).

Table 4

Compliance with Principles of Responsible Financial Management

Principle	Degree of Compliance
	2014/15 Budget
<p>Operating Surplus: should be positive (Operating surplus = core government operating revenue – core government operating expenses)</p>	<p>Complies Surplus = \$128.03 million</p>
<p>Net Worth: should be positive (Net worth = core government assets – core government liabilities)</p>	<p>Complies Net Worth = \$1,594 million</p>
<p>Borrowing: Debt servicing cost for the year should be no more than 10% of core government revenue (Debt servicing = interest + other debt servicing expenses + principal repayments for core government debt, public authorities debt and self-financing loans)</p>	<p>Does Not Comply Debt servicing = 11.3% (However, Government has until 30 June 2016 to comply with the 10% limit for this Ratio: a further year to achieve compliance)</p>
<p>Net Debt: should be no more than 80% of core government revenue (Net debt = outstanding balance of core government debt + outstanding balance of self-financing loan balance + weighted outstanding balance of statutory authority/government company guaranteed debt - core government liquid assets)</p>	<p>Complies Net debt = 61.2%</p>
<p>Cash Reserves should be no less than estimated executive expenses for 90 days: (Cash reserves = core government cash and other liquid assets)</p>	<p>Does Not Comply Cash reserves = 43.3 days (However, Government has one further year to comply with this Ratio.)</p>
<p>Financial Risks should be managed prudently so as to minimise risk</p>	<p>Complies Insurance cover exists for key assets and major potential liabilities. Hurricane preparedness and response strategy in place</p>

7. LEGISLATIVE MEASURES FOR 2014 /15

The Cabinet intends to introduce a number of new legislative measures to the Legislative Assembly during the 2014/15 financial year. The major pieces of planned legislation are outlined below.

Table 5
Planned Legislative Measures

Planned Legislation	Purpose	Broad Outcome
Trade and Business Licensing Law	Modernisation of licensing regime for local business; allowing for more effective enforcement action.	A Strong, Thriving and Increasingly Diverse Economy
Special Economic Zones Law	To provide for improved oversight of special economic zones through the Special Economic Zones Authority.	A Strong, Thriving and Increasingly Diverse Economy
Local Companies (Control) Law	Modernisation of licensing regime and to keep in line with proposed changes to Trade & Business Licensing Law.	A Strong, Thriving and Increasingly Diverse Economy
Liquor Licensing Law	Modernisation of licensing regime for local business; allowing for more effective enforcement action.	A Strong, Thriving and Increasingly Diverse Economy
Cinematograph Law	Modernisation of licensing regime for local business; allowing for more effective enforcement action.	A Strong, Thriving and Increasingly Diverse Economy
Music and Dancing (Control) Law	Modernisation of licensing regime for local business; allowing for more effective enforcement action.	A Strong, Thriving and Increasingly Diverse Economy
Development Bank Law	Various operational issues to be addressed and to strengthen board governance.	A Strong, Thriving and Increasingly Diverse Economy
Limited Liability Companies Law	To provide for the formation and registration of exempted limited liability companies.	A Strong, Thriving and Increasingly Diverse Economy
Limited Liability Partnership Law	To provide for limited liability partnerships.	A Strong, Thriving and Increasingly Diverse Economy

Planned Legislation	Purpose	Broad Outcome
Powers of Attorney Law	To correct long-standing deficiencies or technical errors in Trusts legislation.	A Strong, Thriving and Increasingly Diverse Economy
Property (Miscellaneous Provisions) Law	To correct long-standing deficiencies or technical errors in Trusts legislation.	A Strong, Thriving and Increasingly Diverse Economy
Trusts Law	To correct long-standing deficiencies or technical errors in Trusts legislation.	A Strong, Thriving and Increasingly Diverse Economy
Public Accountants Law	To provide a modernised system for the regulation of public accountants.	A Strong, Thriving and Increasingly Diverse Economy
Trademarks Law	To introduce a local framework for trademark registration.	A Strong, Thriving and Increasingly Diverse Economy
Copyright Law	To introduce a local framework for copyright protection.	A Strong, Thriving and Increasingly Diverse Economy
Auditors Oversight Law	Minor amendments identified, which are necessary for transitional provisions and operational considerations.	A Strong, Thriving and Increasingly Diverse Economy
Amendments to the Public Service Management Law and Personnel Regulations	To facilitate efficiencies, comply with other legislative changes including the Gender Equality Law and the Bill of Rights, and other incidental purposes.	A Strong, thriving and increasingly diverse economy. A work-ready and globally competitive workforce. A culture of good governance
Immigration Amendments	Reform Work Permit requirements to improve administration efficiency and enforcement.	A Work-Ready and Globally Competitive Workforce
Libraries Legislation	To update the Libraries Law to reflect modern Library operations.	A work-ready and globally competitive workforce
National Workforce Development Law	To underpin the work of the new National Workforce Development Agency.	A work-ready and globally competitive workforce

Planned Legislation	Purpose	Broad Outcome
Rehabilitation of Offenders Law	Modernise to facilitate equitable employment and /or travel opportunities for ex-offenders, in support of offender re-entry/ rehabilitation.	A Work-Ready and Globally Competitive Workforce A More Secure Community
Postal Law (1997 Revision) Postal Regulations (2007 Revision)	To update outdated services and fees as well as establish new services and fees in legislation.	A Work-Ready and Globally Competitive Workforce
Police Law	Address police complaints, and Human Rights anomalies, as well as staffing.	A More Secure Community
National Drug Council	Modernise the NDC law to keep pace with developments in Anti-Drug programme needs.	A More Secure Community

The Traffic (Amendment) Regulations, 2013	Amendment to create a fee structure for the proposed two categories of pedal cycles.	A more secure community
Road Code (Amendment), 2013 Edition	Changes with the issue on entrance / exit and lane changes to roundabouts and other incidental amendments.	A more secure community
Conditional Release Law	To provide a modern parole system for the conditional release of offenders.	A more secure Community. Modern, smart infrastructure
Traffic Law, 2012	Amendments required to reflect the technology of motorized pedal cycle.	A more secure community
The Traffic (Categorisation & Grouping) Regulations, 2013	Amendment in order to register and license pedal cycles in two separate categories, (i) pedal cycle with power unit in excess of 250 watts; and (ii) pedal cycle capable of exceeding 15 MPH. (This will allow for those pedal cycles below the specifications not to be registered and licensed under the current legislation and be treated as ordinary bicycles).	A more secure community

Planned Legislation	Purpose	Broad Outcome
Public Service Pensions Law	To facilitate an increase in the normal retirement age.	A more efficient, accessible and affordable public service
Amendment to the Financial Regulations	To improve the Government's Financial Management System.	A More Efficient, Accessible and Affordable Public Service A Culture of Good Governance
Amendment to the Public Management and Finance Law	To improve the Government's Financial Management System.	A More Efficient, Accessible and Affordable Public Service A Culture of Good Governance
FOI Law Reform	Review & recommendations of the FOI Law to improve exemptions, the appeal process, increasing the effectiveness of the ICO, to clarify roles and responsibilities where necessary, and improving procedural effectiveness of the Law. There will also be consequential amendments to the FOI Law following the possible adoption of the Data Protection Law by the Legislative Assembly.	A more efficient, accessible and affordable public service

Planned Legislation	Purpose	Broad Outcome
Data Protection Bill implementation	To provide the Information Commissioner's Office with powers in relation to enforcement of the new Data Protection regime in both the public and private sector.	A more efficient, accessible and affordable public service
Amendment to the Custom's Tariff Law	To amend the Harmonised Commodity Description and Coding System and to correct typos.	Modern, Smart Infrastructure
Prison Law & Prison Rules 1999	To support the modernization of the Prison Service to keep pace with Human Rights & to support best practices in corrections.	Modern, Smart Infrastructure. More Secure Community
Fire Brigade Law & Associated Orders & Codes	Review the Fire Brigade Law, Orders & Codes to ensure that they reflect current best practices in fire safety & prevention & meet current needs.	Modern, Smart Infrastructure. More Secure Community
Cancer Registry Law & Regulations	To provide for mandatory reporting on the incidence of cancers and the establishment of a cancer registry.	A fit and healthy population
Human Tissue Transplant Regulations	To prepare Regulations for the Human Tissue Transplant Law so that human tissue transplantations can be performed legally in the Cayman Islands.	A fit and healthy population
Pharmacy Law Regulations	To provide for the improvement of pharmaceutical services and dealings in pharmaceutical products.	A fit and healthy population
Education Legislation	To provide revised legislation to support improvements in education	A centre of excellence in education
Public Authorities Law	To provide for the improved governance of statutory authorities and government companies.	A culture of good governance.

Planned Legislation	Purpose	Broad Outcome
Auditor General's Act	To align with new constitution and ensure the independence of the Office of the Auditor General	A Culture of Good Governance
Amendments to the Labour Law	To provide for a number of important amendments to support the country's labour regime	A culture of good governance
Amendments to the Pensions Law	Amendments to support the country's pensions regime	A culture of good governance
Restricted Marine Areas (Designation) Regulations	Change to grouper spawning aggregation sites boundaries.	Conservation of our Biological Diversity and Ecologically Sustainable Development
Pipeline Regulation	Safe installation and operation of pipelines	Conservation of our biological diversity and ecologically sustainable development
The Roads(Prohibited vehicles) Regulation(Petroleum)	Limiting the Transfer of Dangerous Substances in central George Town during peak traffic.	Conservation of our biological diversity and ecologically sustainable development
The Dangerous Substances Handling and Storage (Operating Permits) Regulations	Safe operation of sites dealing in Dangerous Substances and fee collection.	Conservation of our biological diversity and ecologically sustainable development
Amend the Dangerous Substances Handling & Storage Law, 2003	Amendments to enable the issuing of remediation notices to operators & owners of sites storing Dangerous Substances	Conservation of our biological diversity and ecologically sustainable development
Animals Law 2011 Revision	To control the movement of animals and animal-related items into and within the Cayman Islands; to prevent the introduction and spread of prescribed diseases (animal diseases) within the lands and from other countries; to ensure the safe and humane movement of animals to and from the islands.	A Robust Agriculture Sector Suited to the Needs & Resources of the Country
Poor Persons Regulations	Regulations to specify the criteria and conditions under which poor relief will be awarded.	Equity and Justice in a Society that Values the Contributions of all

8. ECONOMIC OVERVIEW - CAYMAN ISLANDS ECONOMY

Introduction

The domestic economy continued to recover in 2013 albeit at a slower rate than in 2012. Higher growth is expected for 2014, conditional on the upturn of domestic private sector investments and upbeat prospects for the major source markets. This section presents the forecasts for FY 2014/15 to FY 2016/17 and their major assumptions along with a review of the domestic and global economic performance in 2013.

World Economic Performance and Forecasts¹

Global demand picked up in the second half of 2013, which pushed global output by 3.0 percent, slightly lower than the 3.2 percent recorded in the preceding year. The uptick in global economic activity originated mainly from the advanced economies as the emerging markets had slower growth. The advanced economies altogether expanded by 1.3 percent, slightly weaker than the 1.4 percent growth recorded in 2012. Emerging and developing countries continued to record the strongest performance as compared to other regions of the world in 2013, at a rate of 4.7 percent although this is lower than the 5.0 percent achieved in 2012.

Global economic output is expected to grow stronger at 3.6 percent in 2014. The advanced economies which are the main markets for the Cayman Islands' financial and tourism services are also projected to turn in higher economic performance, growing at 2.2 percent in 2014.

Economic recovery in the US slowed in 2013 with a 1.9 percent growth, contributed largely by the faster-than-expected 3.25 percent growth in the latter half of 2013. The latter was led by buoyant domestic demand, robust inventory accumulation, and strong export growth. A hefty fiscal consolidation effort was estimated by the IMF to have shaved-off between 1.25 and 1.5 percentage points from GDP growth. The US economy is projected to pace stronger at 2.8 percent in 2014.

Most of the advanced economies generally posted stronger economic performance in 2013 than the preceding year. Canada grew by 2.0 percent and is also expected to improve at 2.3 percent in 2014.

Economic activity in the Euro area shrunk for the second consecutive year, this time by 0.5 percent, albeit an improvement on the 0.7 percent decline in 2012. The area continued to be impacted by the sovereign debt crisis in periphery countries in 2011 and 2012 which led to fiscal weakening and weak domestic demand. Germany turned out a weaker economic performance (0.5%) in 2013 compared to 2012 (0.9%). Economic growth in France, Italy, Spain, Belgium, Greece, Portugal, Finland, Cyprus and Slovenia declined, however, at a slower rate than in 2012. With easier credit conditions and increased consumer confidence, growth in the United Kingdom (UK) improved to 1.8 percent in 2013 to 0.3 in 2012.

Economic expansion slowed to 4.7 percent in emerging and developing economies in 2013. Revival of exports was supported by the improvement of demand from advanced economies. China, the largest Asian economy, led the performance with a 7.7 percent GDP growth during this period.

¹ This assessment is based on the World Economic Outlook (International Monetary Fund, April 2014).

*Cayman Islands GDP and current account data for 2012 are actuals; for 2013, these are estimates based on indicators.

Sources: IMF World Economic Outlook (April 2014) for the United States and global data; Cayman Islands Government, Economic and Statistics Office for the Cayman Islands data.

The Cayman Islands' Economic Performance and Forecasts for FY 2014/15

Output (GDP) Growth. Economic output increased for the third consecutive year, this time by 1.2 percent, slightly higher than the 1.4 percent in 2012 and 0.9 percent in 2011.

Growth in 2013 was generated largely by the service sectors led by hotels and restaurants, transport, storage and communication, real estate, renting and business activities, and financing and insurance.

Strong growth (7.4%) in the stay-over segment of tourism boosted the performance of the hotels and restaurants sector (6.6%) as well as transportation, storage and communication sectors (2.4%). The latter was also facilitated by higher volume of cargo transportation despite a reduction in cruise transport. An expansion in the broadband market supported a marginal growth in telecommunication activities.

Financing and insurance services sector which accounts for the largest share of GDP was estimated to have expanded by 1.7 percent compared to 2.0 percent a year ago. Value added from insurance services rose by 7.5 percent as the increase in gross premiums outweighed net claims. Higher interest income in the local banking sector indicates modest growth.

Real estate, renting and business activities value added was estimated to have increased by 1.3 percent, as both business services and real estate activities were enhanced by higher registration of companies and property transfers during the year.

Some sectors declined in 2013. Value added of government services contracted by 1.5 percent due mainly to the combined effects of lower staff levels and reduction in capital expenditure. Wholesale and retail trade activity declined by 2.1 percent as indicated by the imports of non-oil related goods (adjusted for inflation). Similarly, a lower quantity of major building materials imports indicates a decline in the volume of construction activity.

Based on the economic performance of 2013 and the forecast for 2014, GDP growth the FY 2014/15 is now placed at 2.0 percent.

Inflation. In 2013, consumer prices rose on average by 2.2 percent, as compared to 1.2 percent in the preceding year. All major categories in the CPI basket had higher inflation rates except for housing and utilities and recreation and culture.

Inflation in 2013 can be traced mainly to higher prices of alcohol and tobacco, household equipment, clothing and footwear, education, food and non-alcoholic beverages, and miscellaneous goods and services. The strong growth in alcohol and tobacco index by 9.8 percent was due primarily to higher import duties implemented in mid-year 2012.

Average inflation is forecasted at 1.8 for 2014, based on projected higher global prices of non-oil commodities, and a marginally higher inflation forecast for the US. Forecast inflation rate for FY 2014/15 is 2.0 percent.

Employment. In 2013, a lower population size and lower labor participation rate led to a decline in the labour force by 0.8 percent to settle at 38,483. The decline was also indicated by a 6.5 percent decrease in work permits to 19,432.

Total employment declined by 0.9 percent to 36,070 persons, traced mainly to the 6.7 percent loss in non-Caymanian employment while Caymanian employment improved by 6.1 percent. The unemployment rate deteriorated modestly to 6.3 percent; however, Caymanian unemployment rate fell to 9.4 percent from 10.5 percent in 2012.

Conditional on the projected moderate GDP growth in 2014, the unemployment rate is forecast to fall slightly to 6.1 percent. The resulting forecast unemployment rate for FY 2014/15 is placed at 6.0 percent, an improvement from 6.2 percent for FY 2013/14.

Current Account². In 2013, merchandise imports rose to \$774.5 million, 2.1 percent higher compared to a year ago. The growth was largely a result of the higher value of fuel imports and non-oil consumer goods.

The country's current account deficit was estimated to have narrowed by 1.3 percent to \$479.5 million, or 18.0 percent of GDP in 2013 due mainly to an increase in the inflow of funds arising from higher visitor expenditure and business services.

Estimated inflows from visitor expenditures dominated the inflow of funds. This was estimated at \$409.7 million, higher by 2.4 percent from a year ago due to strong growth in air arrivals despite a slump in cruise arrivals. Meanwhile, receipts from financial services were estimated at \$405.7 million, an increase of 1.8 percent as new company registrations rebounded from the decline a year ago. Workers remittances were marginally lower as foreign employment decreased.

In 2014, higher projected imports and remittances are estimated to outweigh tourism and financial services receipts from abroad, widening the current account deficit to 17.9 percent of GDP. The resulting forecast for FY 2014/15 is 17.9 percent of GDP.

Economic Assumptions and Forecasts for Financial years 2015/16 to 2016/17

GDP Growth. Overall economic growth of the Cayman Islands in the next three fiscal years is foreseen to be on the uptrend, although conditional on improved growth projection for the advanced economies starting in 2014. Growth prospects will continue to rely heavily on domestic private investments since government spending is not expected to play any major role in stimulating the economy due to the government's commitments in the Framework for Fiscal Responsibility.

The construction and services sectors are expected to spearhead economic growth in the medium-term. A number of public and private sector investment projects are in the pipeline such as the redevelopment of the Owen Roberts International Airport Terminal; a modern cruise ship berthing facility; the development of the

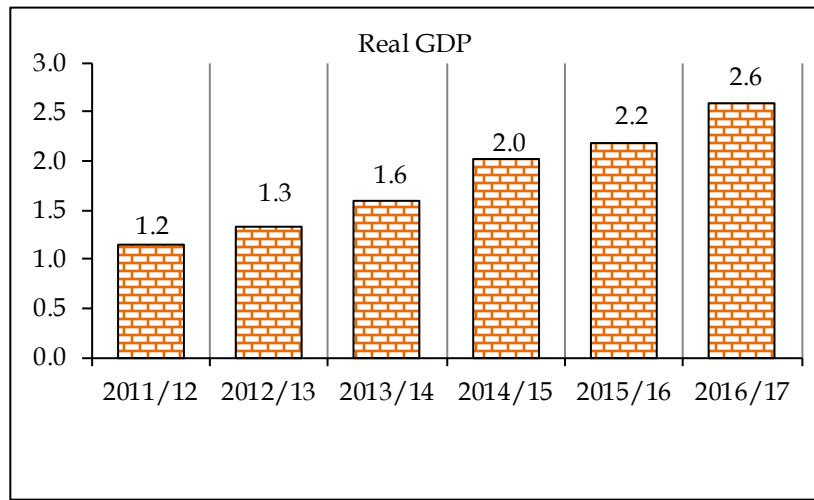

² The current account of the balance of payments measures the total value of the country's transaction against the rest of the world in terms of trade in goods and services, income and transfers. A deficit in the current account means that the Cayman Islands made more payments to the rest of the world compared to its receipts from these transactions.

new Kimpton Hotel on Seven Mile Beach; redevelopment of the former Hyatt Beach Suites Hotel. Phase II of Narayana Health City is also in the business planning stage.

Domestic demand is expected to be stimulated from the construction phase of these projects. Additionally, upbeat forecasts for the advanced economies, primarily the US, over the medium-term are likely to contribute to continued growth in tourism services and stronger recovery for financial services.

The above external and domestic assumptions support a forecast growth of real GDP in 2014/15 of 2.0 percent (see Figure 1). Moderate improvement in the growth rate to 2.2 percent for FY 2015/16 and stronger growth of 2.6 percent are forecasted for FY 2016/17.

Figure 1: Cayman Islands' Real GDP Growth (%)

Source: Cayman Islands Government (Economics and Statistics Office)

Inflation Rate. Slightly higher inflation rates are projected in the next fiscal years as domestic demand for goods and services are likely to be boosted by the increase in tourism and the implementation of various development projects (see Figure 2). For FY 2014/15, inflation is forecasted at 2.0 percent. In succeeding years, this will inch up to 2.2 percent and 2.3 percent in FY 2015/16 and FY 2016/17 respectively. Inflationary pressures are likely to arise from the construction of proposed hotel projects coupled with increased demand from the initial operational phases of the Narayana Health City.

Figure 2: Cayman Islands' Inflation Rates (%)

Source: Cayman Islands Government (Economics and Statistics Office)

Employment. New employment is expected to be created directly and indirectly from the list of proposed construction projects in particular Kimpton Hotel and the operation of Narayana Health City Phase I. Unemployment rate is forecasted at 6.0 percent in FY 2014/15, followed by gradual improvements to 5.7 percent in FY 2015/16 and 5.2 percent in FY 2016/17 (see Figure 3).

Figure 3: Cayman Islands' Unemployment Rates (% of Labour Force)

Source: Cayman Islands Government (Economics and Statistics Office)

Sustained improvements in the employment level are expected in the next two years from 38,765 in FY 2015/16 to 40,034 in FY 2016/17 (see Figure 4).

Figure 4: Cayman Islands' Employment Level

Source: Cayman Islands Government (Economics and Statistics Office)

Current Account. The deficit on the current account of the balance of payments (BOP) is expected to deteriorate to 17.9 percent of GDP for financial year 2014/15. This assumes that growth in imports and remittances will underperform the growth of inflows from overall tourism (inclusive of medical tourism) and financial services.

For the succeeding years, construction projects are assumed to accelerate the growth of imports, thus raising the current account to GDP ratios. For FY 2015/16 and 2016/17, the current account deficits are forecasted at 18.9 percent of GDP and 19.7 percent of GDP respectively (see Figure 5).

9. OUTPUT GROUPS FOR 2014/15

INTRODUCTION

The Cabinet intends to purchase a range of outputs. Some of these are necessary purely for the Government to function on a day-to-day basis. However, the majority are designed to positively contribute to the Government's specific outcome goals.

Outputs will be purchased from three sources:

1. Ministries and Portfolios;
2. Statutory Authorities and Government Companies; and
3. Non-Governmental Output Suppliers.

The output groups to be purchased are summarized in this section of the Annual Plan and Estimates.

Details of the specific outputs within each group to be delivered by Ministries and Portfolios are specified in the Annual Budget Statement of the relevant Ministry or Portfolio.

Details of the specific outputs within each group to be delivered by Statutory Authorities, Government Companies and Non-Governmental Output Suppliers can be found in the Purchase Agreement of the relevant organisation.

10. OUTPUT GROUPS TO BE PURCHASED BY THE PREMIER

OUTPUT SUPPLIER: CABINET OFFICE

CBO 1	Development and Coordination of Government Policy	\$851,446	
Description			
Development and Coordination of Government policy including: <ul style="list-style-type: none"> • Policy Development Coordination and Advice • Coordinating and monitoring of policy implementation 			
Measures		2014/15 Budget	2013/14 Forecast
Quantity <ul style="list-style-type: none"> • Number of hours of development coordination and advice • Number of hours spent coordinating and monitoring policy implementation 		5,900 – 6,400 700-800	5,700-6,000 600-700

-------	--	---------	---

27. OWNERSHIP ACTIONS FOR 2014/15

The Government also plans to use a series of Ownership Actions to achieve its strategic outcome priorities. These measures are outlined below.

Cabinet has also agreed with each Ministry, Portfolio, Statutory Authority and Government Company, the Ownership's performance that it expects from that organisation. Details of the specific ownership performance for each Ministry and Portfolio can be found in the Annual Budget Statement of the relevant Ministry or Portfolio.

Details of the specific ownership performance of each Statutory Authority and Government Company can be found in the Ownership Agreement of the relevant organisation.

EQUITY INVESTMENT

Equity Investments are Government's investment in Statutory Authorities and Government Companies, Ministries, Portfolios and other organisations in which it holds an equal interest. These investments are made wither to fund the purchase of assets by the entity or in a few instances, to provide shareholder support where the organisation runs operating losses.

Cabinet intends to make the following Equity Investments during the 2014/15 financial year in the categories listed below.

APPROPRIATION REFERENCE NUMBER	NAME AND DESCRIPTION	2014/15 BUDGET \$	2013/14 FORECAST \$
EI 1	Cayman Airways Limited <i>Equity injection to cover debt servicing</i>	4,850,000	5,100,000

SECTION C- FORECAST FINANCIAL STATEMENTS

All figures are stated in \$000s

**CAYMAN ISLANDS
GOVERNMENT**

**STATEMENT OF RESPONSIBILITY FOR THE FORECAST FINANCIAL STATEMENTS
FORECAST FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDING 30TH JUNE 2015**

The Forecast Financial Statements have been prepared in accordance with the provision of the Public and Financial Law (2013 Revision). The report the forecast financial transaction for the Core Government and the Entire Public Sector reporting entities for the forthcoming year.

The forecast financial statements were prepared by the Ministry of Finance of Economic Development on behalf of the Government. The Ministry has used its best professional judgement in preparing the forecast statements based on the economic and financial information available.

The forecast financial statements incorporate the fiscal and economic implications of all Government decisions and circumstances as at 15th May 2014.

I accept responsibility for the accuracy and integrity of the financial information in these forecast financial statements and its compliance with the Public Management and Finance Law (2013 Revision).

To the best of my knowledge the Forecast Financial Statements are:

- a. Complete and reliable;
- b. Fairly reflect the forecast financial position as at 30th of June 2014 and performance for the year ending 30th June 2015;
- c. Include all policy decisions and other circumstances that have, or may have a material effect on the forecast statements; and
- d. Comply with generally accepted accounting practices.

Honourable Marco S. Archer

Minister for Finance & Economic Development

26th May 2014

Note 14: Unfunded Pension Liability			
Actuarial Valuations with an effective date of 1 January 2011 were conducted for three separate Plans; the Public Service Pensions Plan, the Parliamentary Pensions Plan and the Judiciary Pensions Plan.			
Core Government Unfunded Pension Liability \$178.3 million represents the Fund Deficiencies arising mainly as a result of participants having accrued considerable Defined Benefit entitlements prior to establishment of the Fund.			
The actuarial valuation calculated a fund deficiency as at January 1, 2011			
Public Service Pensions Plan Actuarial Valuation			
	Budget 2014/15	Forecast 2013/14	Unaudited Actual 2012/13
Public Service Pensions Plan Actuarial Valuation	(165,860)	(165,860)	(182,499)
Parliamentarian pensions plan actuarial valuation	(12,910)	(12,910)	(14,205)
Judicial Public Service Pensions Plan Actuarial Valuation	447	447	447
Fund deficiency	(178,323)	(178,323)	(196,257)
Additional details on the valuation are:			
Public Service Pensions Plan Actuarial Valuation			
	Budget 2014/15	Forecast 2013/14	Unaudited Actual 2012/13
Value of pension fund allocated asstes	309,870	309,870	340,956
Past service liability	(475,730)	(475,730)	(523,455)
Fund deficiency	(165,860)	(165,860)	(182,499)
Parliamentarian pensions plan actuarial valuation			
	Budget 2014/15	Forecast 2013/14	Unaudited Actual 2012/13
Value of pension fund allocated asstes	3,810	3,810	4,192
Past service liability	(16,720)	(16,720)	(18,397)
Fund deficiency	(12,910)	(12,910)	(14,205)
Judicial Public Service Pensions Plan Actuarial Valuation			
	Budget 2014/15	Forecast 2013/14	Unaudited Actual 2012/13
Value of pension fund allocated asstes	2,846	2,846	2,846
Past service liability	(2,399)	(2,399)	(2,399)
Fund deficiency	447	447	447
The principal assumptions (excluding the estimated retirement age which varied with each Plan) used in the computation of the actuarial estimate of the pension liability for each of the three named Pension Plans are as follows:			
annual salary increases of 4%;			
long term inflation rate of 2.5% per annum;			
valuation interest rate to discount future benefit payments of 7%;			
expected long-term rate of return on the Fund's invested assets of 7%;			
anticipated future pensions payments increases of 3% per annum;			
and			
estimated retirement age of 55 for the Parliamentary Pensions Plan, 57 for the Public Service Pensions Plan, and 65 for the Judiciary Pensions Plan.

Retirement and long service leave	50	171	139			
Total employee entitlements	8,470	9,458	11,386			

Note 13: Unfunded Pension Liability					
Actuarial Valuations with an effective date of 1 January 2011 were conducted for three separate Plans; the Public Service Pensions Plan, the Parliamentary Pensions Plan and the Judiciary Pensions Plan.					
Core Government Unfunded Pension Liability \$178.3 million represents the Fund Deficiencies arising mainly as a result of participants having accrued considerable Defined Benefit entitlements prior to establishment of the Fund.					
The actuarial valuation calculated a fund deficiency as at January 1, 2011					
Public Service Pensions Plan Actuarial Valuation					
				Budget	
				2014/15	
Public Service Pensions Plan Actuarial Valuation				(182,500)	
Parliamentarian pensions plan actuarial valuation				(12,910)	
Judicial Public Service Pensions Plan Actuarial Valuation				447	
				(194,963)	
Additional details on the valuation are:					
Public Service Pensions Plan Actuarial Valuation					
				Budget	
				2014/15	
Value of pension fund allocated asstes				316,475	
Past service liability (Enter -No.)				(498,975)	
Fund deficiency				(182,500)	
Parliamentarian pensions plan actuarial valuation					
				Budget	
				2014/15	
Value of pension fund allocated asstes				3,810	
Past service liability (Enter -No.)				(16,720)	
Fund deficiency				(12,910)	
Judicial Public Service Pensions Plan Actuarial Valuation					
				Budget	
				2014/15	
Value of pension fund allocated asstes				2,846	
Past service liability (Enter -No.)				(2,399)	
Fund deficiency				447	
The principal assumptions (excluding the estimated retirement age which varied with each Plan) used in the computation of the actuarial estimate of the pension liability for each of the three named Pension Plans are as follows:					
annual salary increases of 4%;					
long term inflation rate of 2.5% per annum;					
valuation interest rate to discount future benefit payments of 7%;					
expected long-term rate of return on the Fund's invested assets of 7%;					
anticipated future pensions payments increases of 3% per annum; and					
estimated retirement age of 55 for the Parliamentary Pensions Plan, 57 for the Public Service Pensions Plan, and 65 for the Judiciary Pensions Plan.
